or call Nancy at **303-956-8460**

Breathwork Clients Report Extraordinary Life-Changing Transformations

I was touched by the other participants in the workshop – their openness and sharing. The breathwork itself was powerful and opened me up to be more confident and positive about my life, particularly some negative assumptions that'd been with me too long. It was a spiritual experience, and is still with me. I was very impressed by the care and compassion of Nancy's facilitation. Bob W.
